**LIVE UNITED**

- From kindergarten through third grade, children **LEARN TO READ**. After third grade, they **READ TO LEARN**.
- A person who is not at least a moderately skilled reader by third grade is less likely to graduate from high school.
- Research has shown a strong link between higher literacy and future academic achievement, improved self-esteem and the ability to be a productive and involved member of society.

**SO... LET'S DO SOMETHING.**

- **COMMIT AN HOUR** a week during the school year (October through May) at a school near you.
- **WE WILL PROVIDE YOU WITH** materials and training so you are comfortable as a tutor.
- **TUTORING SESSIONS** are individualized and based on the student's need.
- **SCHOOLS THROUGHOUT** Portage County participate.

**HELP A CHILD  
LEARN TO READ**

Read for 15 minutes at night with your child.

Have books in the living room, the car, and the bedroom.

Let your child see you reading.

Visit your library for new books or magazines.

Donate your new or used books to those in need.

Encourage reading games with road signs.

Show enthusiasm and praise your child's reading.
